Terms and Conditions of Sale (Public Offer)

LunaVi Caprice (TICA, FCI)

Bar, Montenegro

Please read our terms of sale for a Toy Poodle puppy or a Maine Coon kitten before payment.

. . .

1. Agreement to the terms

Making payment confirms your agreement to these terms, without a separate signature.

2. Deposit and reservation

A puppy or kitten is reserved from the moment we receive payment. From that moment it is held for you and is not offered to other potential buyers.

If you withdraw from the purchase, the deposit is not refunded.

If we cannot hand over the baby, we refund the deposit in full.

After reservation, once every two weeks you may ask us for a video update on your baby's development.

3. Price and payment

A puppy or kitten leaves the kennel for its new home only after 100% payment in the currency agreed in advance.

The price includes age-appropriate vaccinations and treatments, a microchip, a veterinary passport, an examination before handover, the documents according to status, a starter pack of food and a care note.

Transport, boarding beyond the stated period and extra certificates for travel are paid separately.

4. When the baby leaves

A puppy or kitten leaves the kennel no earlier than 12 weeks (after a complete course of vaccinations: two vaccinations against infectious diseases plus a rabies vaccination) and no later than 16 weeks (except for countries that allow entry only from 6 months of age — a separate price list applies).

After 16 weeks, boarding is charged per day.

Delivery is arranged and paid by agreement.

5. Health at handover

At handover the puppy or kitten is outwardly healthy, treated against parasites and vaccinated according to age, which is confirmed in the Handover Act.

The kennel is not responsible for conditions that show no symptoms and are detected only by complex laboratory tests.

Expected adult size and colour are a preliminary estimate, not a guarantee.

From the moment the baby leaves the kennel, you bear full responsibility for it. All care for its health and keep passes to you.

If for any reason you decide to return the puppy or kitten, we will of course take it back. The amount paid is not refunded.

A puppy or kitten may not be given to pet shops, resold or placed in a shelter.

6. PET and BREED status

PET — a companion for the heart only.

BREED — breeding and shows.

- Kitten PET — TICA Pedigree PET, with no breeding rights.
- Kitten BREED — TICA Pedigree BREED and registration of the transfer of ownership.
- Puppy PET — LVC Pedigree PET, with no breeding rights.
- Puppy BREED — FCI Pedigree BREED and registration of the transfer of ownership.

7. Photos and videos

We may use photographs and videos of the baby that we have taken, on our website and on social media. Please credit photographs of our animals with the name of our kennel, LunaVi Caprice. We will be most grateful.

By making payment, you confirm your agreement to these terms.
